Spring Hill
Amateur Radio
Club

Inside this issue:

President's Ramblings	1
Fox Hunt	2
Membership Dues	3
Hamfests	5,6
Calendar	6
Contact Us	7

I hope all of you are doing well and that those of you who had damage from the recent storms are recovering quickly. This will be the next to the last edition of my monthly ramblings. I started this article at the urging of then President Doug Borko NZ2W when I ascended to the Vice Presidency of SHARC in December 2017. In 2020, Doug and Sharon moved to Tennessee and I rose to the Presidency and have held that position ever since. After seven years sitting at the head table, I am looking forward to stepping down and sitting in the audience. I am certain that the other three members at the head table feel the same way and are also looking forward to stepping back. SHARC is a great club with lots of talent. It's time for some new blood to step forward and take over. I look forward to the November meeting to see who comes forward to carry on with leading SHARC. My final ramblings will be in the December issue of SHARC Bytes. I will submit an occasional article for your enjoyment on various topics of interest.

73,
Lenny WS8O

PM**

SHARC Meetings Information

Regular monthly meetings are held on the third Thursday of each month.

UF/IFAS Ext. Bldg.

16110 Aviation Loop-Next to P.O.

Please use side door.

Visitors are always welcome!

Meetings begin at 7:00 PM.

Stop by early and say, "Hi!"

Don't forget Election of Officers at the November meeting

October Fox Hunt

The October foxhunt was well attended with a total of 7 foxhunters and a fox Larry W9SX. It began with a rocky start with the Crews lake park still being closed (due to the Hurricane damage) so we quickly diverted to the Weeki Wachee Preserve. In attendance was Lenny WS80, Earl K4EEB, Bernie WB9NDG, Mike W1SOX, Wayne K4WEB, Dan WQ7T. This was Dan first time out with the group and hope to see him in the future. It was also good to see Bernie out with the hunters. I quickly hid the two transmitters a short distance from the parking lot and the hunt was started after a mad dash from Crews lake. The first transmitter was hid near a bench about a quarter a mile from the start. It was placed on the ground near a root covered by a large leaf. While the transmitter was viewable most were cautious reaching in the preserves environment. Lenny was the first to the fox with Earl shortly following. The rest quickly followed and we continued on to the next transmitter. It was hidden in a palm tree about 6 feet high. In the end it was an success with a rough start. Lenny will be the fox in November.
